

Training name:**Cleanliness Auditors Training - CAE® Licensed Course****Annotation:**

The training of Cleanliness Auditors under the auspices of CAE® licensed courses is a guaranteed preparation of 1st & 2nd party Cleanliness Auditors with international validity.

The preparation of the Auditors of Cleanliness is aimed at performing internal and external audits for effective monitoring of the Technical Cleanliness system in the relevant industry (automotive, pharmaceutical, medical device manufacturing, etc.) where the presence of contamination has a significant impact on specific product characteristics and contamination can affect the safety, functionality, reliability, durability and quality of production and services.

Performance requirements for Audit of Cleanliness are given in ISO 13 485 (Medical Device Quality Management System), ZVEI - Technical Cleanliness in Electrical Engineering, ISO 14644, Standards and Sector Specifications - QV 11 111, STD 107-0002, RENAULT 34 - 07 - 006, etc.

Through the **licensed course**, participants will be made familiar with the requirements of the international standard ISO 19011: 2018 for auditing management systems as well as auditing for technical cleanliness (VDA, FED STD 209, AS 9100 and ISO requirements).

The aim is to acquire the knowledge needed to plan and perform purity audits, monitor contamination risk factors and perform sampling and contamination monitoring in accordance with international standards.
